1. No changes in the occupation of Frankfurt/Oder were observed between 1 and 10 October 1951. Gun drill was conducted only by the troops in the Artillerie Kaserne. The number of troops in the Eichhorn Kaserne had decreased since the previous observation.

2. Trucks [] which had allegedly come from Lieberose, were being loaded with billeting equipment at the Horn Kaserne on 8 October. The unit had not yet returned. On 8 October, four JS tanks for the Ziethen Kaserne, and three SP guns for the Buelow Kaserne, were unloaded on Fuerstenwalderstrasse. On 12 October, 3 JC tanks and 1 T-34 tank for the Ziethen Kaserne, and 2 SP guns for the Buelow Kaserne, were unloaded. About 1,200 recruits were seen marching from the Eichhorn Kaserne to the railroad station on 9 and again on 12 October. The recruits wore black-bordered red epaulets. The troops from the Hindenburg Kaserne had not returned there by 12 October. No changes were observed in the occupation of the Artillerie Kaserne. Fourteen AA guns were seen there prior to 12 October. [] *
